MEALEY BOUND OVER TO SUPERIOR COURT

Local Man, Charged With Obtaining Money Under False Pretenses, Held to Answer Superior Court

J. J. Mealey was on trial before Justice of the Peace Parker yesterday afternoon, charged with obtaining money under false pretenses. He was held to answer to the superior court.

Mealey at one time had a desk in the office of Arnold Mandl, though he never claimed to be a land attorney. According to the testimony introduced in the case by the prosecution, several clients of Mandl's thinking Mealey was a land attorney, gave a land case to him, and paid him \$125 to get the land for them.

Acting on Mealey's advice, the men who were after the land, filed on it, and had their claim refused by the land office. Mealey attempted to contest the case, but found that he was out of his element acting as a lawyer.

The men for whom he was acting, became suspicious, and began investigating the case, only to find that they had no case in the land office and their money had gone for a lost cause.

Mealey claims he took the money to locate them on the land, and had they complied with his instructions, all would have been well. He took the stand in the justice court and told his own story, justifying all of his acts with the case. At the conclusion of the hearing, Judge Parker bound him over to the superior court.

DOWN FROM PRESCOTT—Judge E. W. Wells of Prescott arrived yesterday for a short stay in Phoenix.

SOCIAL CIRCLE MEETS—The Wednesday social circle will meet at the home of Mrs. L. Kohl, Wednesday afternoon at 2 p. m. All members are urged to be present.

FINANCE COMMITTEE—The finance committee of the dam celebration is to meet today at nine o'clock. The members are Arthur Lohr, H. D. Marshall, A. G. Duhmke and P. T. Stashback of Phoenix, H. H. Lacy of Gilbert, L. Myers of Glendale and W. J. Kinzinger of Tempe.

ARMORY TO BE FITTED FOR AUTO EXPOSITION

Partitions Are Going in and Decorations Will Be Installed Last of This Week

In the week that now remains before the opening of the Automobile and Architectural exposition the work of laying out the floor plan of the First Battalion armory will be done. The carpenters will soon be at work installing the pillars and partitions, and the last of the week Decorator Howe will start work on an elaborate decorative scheme.

Now that the many other attractions that have interested the public recently are over, the auto show remains the one great affair of the season. It will open next Tuesday remaining open until Saturday. The auto dealers and their friends are looking forward to the coming of what is generally expected to be the first real auto fair of the city and county, with a great deal of expectation.

Then, there are the architects and builders of the city, who are interested in the display that will embody a great number of original studies in house and building plans suitable for this country.

While all this is being thought of, the used car display must not be forgotten. This will be the first show of that sort ever held here.

Last and most important, probably is the baby show section. This will bring together the best looking babies in the city and county. Needless to say it will be the most popular section of the show.

impracticable in dealing with ordinary business and governmental affairs as mayor.

"That he is opposed to the principles embodied in the charter of the city of Phoenix, and that since his induction into office as mayor, he has denounced publicly the said city charter, and declared that said charter is rotten and he is opposed to it."

"That he has conspired to deprive the city manager of the independence and responsibility granted and placed upon him by the provisions of the charter, and has tried to usurp the powers of said manager, and render him subservient to the will of the city commission and himself."

"That he has attempted to dictate to the city manager in the appointment and discharge of city officers and employees."

Against Commissioner Corstien an affidavit of recall was filed by J. O. Dunbar. The grounds upon which such recall is demanded are as follows:

"That he is not in sympathy with the provisions of the city charter, and is unwilling to grant opportunities to those who favor the form of government in the charter contained, to demonstrate its worth and practicability."

"That he has conspired with other members of the city commission, to destroy the independence and usefulness of the city manager."

"The affidavit of recall filed against Commissioner Corstien is signed by J. L. B. Alexander. It recites:

"That he has attempted to dictate to the city manager in the appointment and discharge of city officers and employees of the city."

"That he is not in sympathy with the provisions of the city charter, and has sought and is seeking to ignore the provisions thereof."

"That he has, ever since his induction into office, conspired with other members of the city commission, to destroy the independence and usefulness of the city manager and place him under the domination and dictation of the members of the city commission."
